

## Public Notice

The Commissioner of the Indiana Department of Environmental management (IDEM) has received a request for an exemption from classification as solid waste from Waelz Sustainable Products, LLC, 3440 W CR 300 S. Logansport, Indiana, hazardous waste ID # INR000150094. IDEM is now giving public notice of its intent to grant the application.

Under 329 Indiana Administrative Code 3.1-5-4, the Commissioner may grant requests for an exemption from classification as a solid waste those materials that have been partially reclaimed but must be reclaimed further before recovery is completed. This determination is to be based on several criteria all of which were addressed in the application. The approval, if made final, would exempt partially reclaimed zinc materials exiting the baghouse and/or settling chambers from classification as a solid waste and hence forth, from regulation as a hazardous waste.

Pursuant to 329 IAC 3.15-4, the Commissioner is providing the public an opportunity to comment on the tentative approval.

Comments should be sent to IDEM, Office of Land Quality, 100 North Senate Avenue, Indianapolis, Indiana 46204-2251, to the attention of Mr. Bruce Kizer or Mr. John Naddy; or by e-mail to [BKIZER@idem.in.gov](mailto:BKIZER@idem.in.gov) or [jnaddy@idem.in.gov](mailto:jnaddy@idem.in.gov). All written comments must be postmarked no later than December 3, 2021.

The Notice of Decision is available online at <http://www.in.gov/idem/5474.htm> or the IDEM Virtual File Cabinet at <http://vfc.idem.in.gov> document VFC # 83234476.

After the close of the public comment period, the IDEM will evaluate all comments received before making a final decision.

Any person requesting notice as provided by the Administrative Adjudication Act (IC 4-21.5-3-5) shall be given written notice of the final decision by the Commissioner.
